Straight from the distiller

Jupiter is inspired by the simplicity of the bottle that just came straight from the master distiller's sampling room. It has substance and honesty with its classic lines and heavy base. Its character emanates from the tapered body that narrows towards the top. Jupiter exudes quality and premiumness but retains genuine craft cues and the sense of "undesigned".

Distortion in Art

Inspired by distortion in art and architecture with a soft and simple formal language. While most bottles are volumes of revolution this concept is a freeform model defined by two ellipses placed at a right angle to each other. The front view with wide shoulders presents masculinity while the side view presents a soft more feminine side of the bottle.
