LYRA VINTAGE

The melody of spirits

Lyra is a small constellation with arguably the next most important star in the sky. The gods were so impressed with the melody of the lyre that after Orpheus died, they send an eagle to get the lyre and place it in the sky. Lyra Vintage is based on our Lyra collection bottle but with a ribbed structure that gives it a vintage vibe. Its design is exquisite, the style emphasises surface embellishment and it is aesthetically pleasing.

*There was once a butterfly
who wished for a bride; and, as
it is supposed, he wanted to
choose a very pretty one from
among the flowers. He glanced
with a very critical eye at all the
flower beds and found that the
flowers were seated quietly and
solely on their stalks, just
as if they should sit. But there
was a great number of them, and
he was tired as if making his choice
become very wearisome.*

ALASKA

Distortion in Art

Inspired by distortion in art and architecture with a soft and simple formal language. While most bottles are volumes of revolution this concept is a freeform model defined by two ellipses placed at a right angle to each other. The front view with wide shoulders presents masculinity while the side view presents a soft more feminine side of the bottle.
